

META Counselor Guide

Welcome to META.

Our goal is to make the onboarding process as smooth as possible.

Onboarding Overview

Time to Set Up Your Profile:

- 10–15 minutes

Requirements:

- A high resolution profile photo
- About me bio paragraph
- HIPAA and Informed Consent forms
- Government ID
- Internet-enabled device with a web browser
- Microphone and webcam

Credentials:

- META staff verify all counselors on the platform based on an authentication file sent from your school.

Website:

- Visit provider.meta.app to set up your account.

1. Visit provider.meta.app

Visit provider.meta.app and choose “Create an Account” from the top right corner.

2. Accept User Agreement

Review the end-user license agreement and check the four boxes to agree.

3. Create your META Account

Set up your account using your school email address.

4. Verify your Email

To validate your account, we'll send an email to the address you provide.

For security purposes *you must verify your email address in the same browser you're using to set up your profile*. For example, you won't be able to verify your email address from your phone if you're signing up on your computer.

Once you have validated your account, you'll be able to set up your profile.

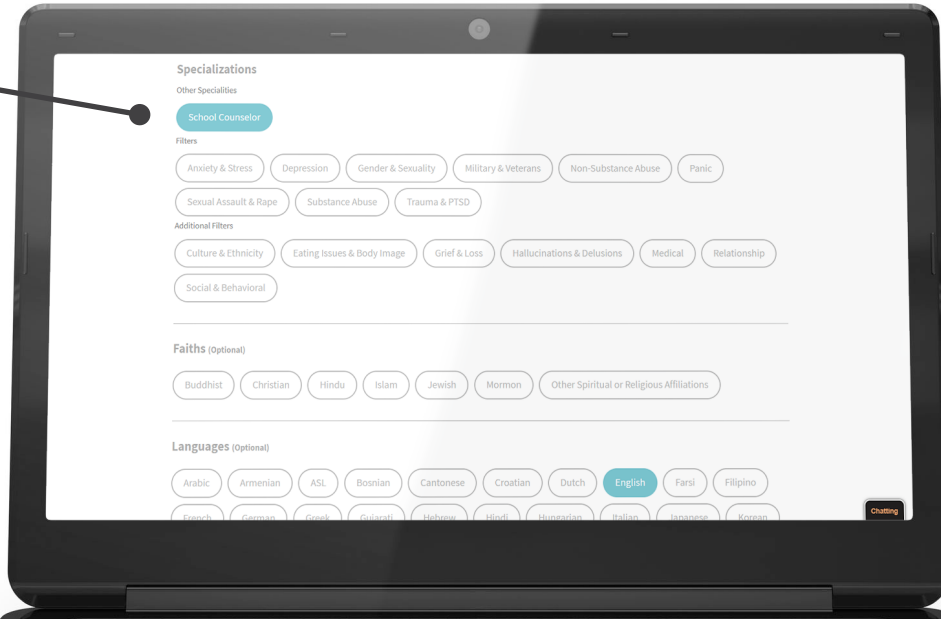

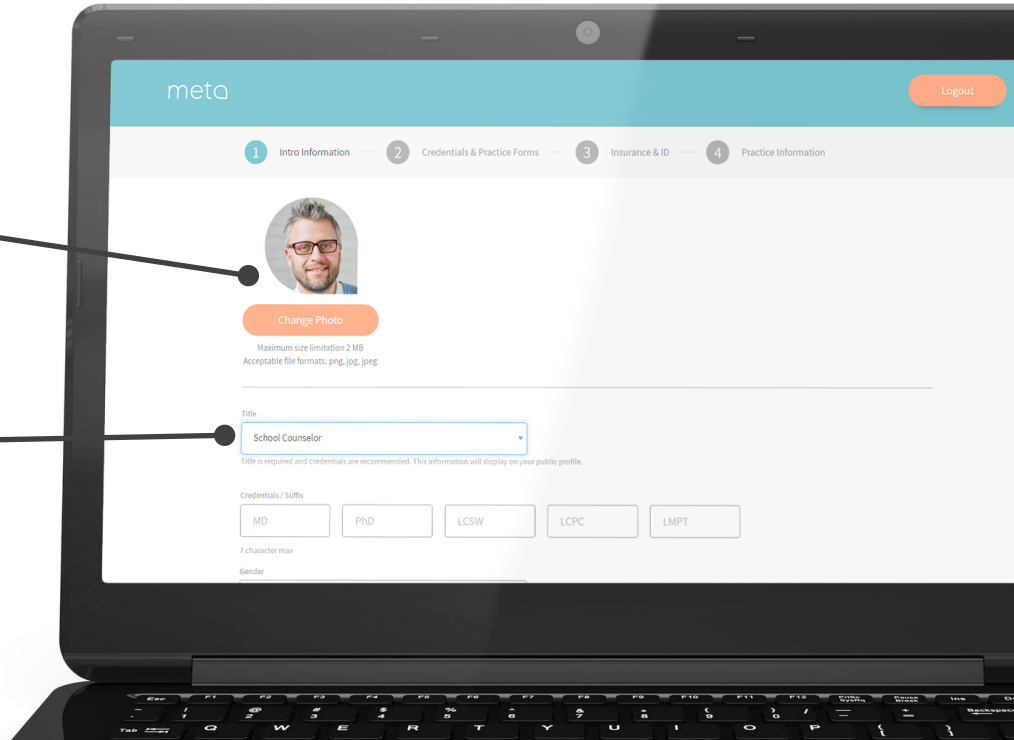

5. Profile Information

Please upload a profile photo.

Select "School Counselor" from title dropdown list.

Any other specializations are optional and used to help students find counselors.

6. Credentials & Practice Forms

Please add your academic degrees.

- Choose the same state as the students you'll be working with.
- Select "School Counselor" as your license type.
- Enter "999999" as your license number.

You'll need to upload HIPAA and informed consent forms.

Testing Your Equipment

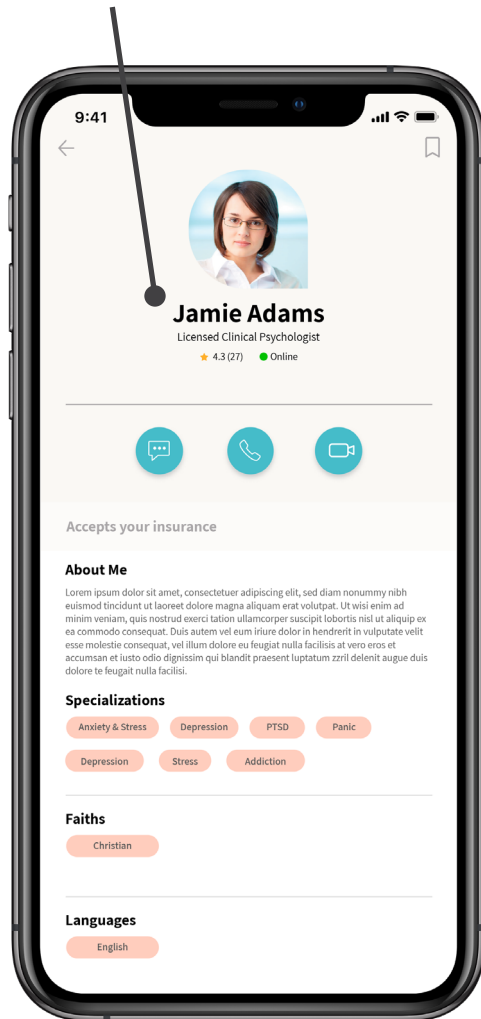

After your account is live, a member of our team will reach out to schedule a walk-through of the META platform. During this walk-through, you'll be able to test your equipment.

It's important to note that you can access META through a browser on a computer, tablet, or phone. To ensure the highest quality interactions, we recommend using modern devices equipped with a good microphone and webcam, and ensuring your Internet speed is consistent with the standards of two-way streaming.

Student Experience

Your profile will appear in our directory once it is complete. Students can search for you by name.

While you are online, students can reach you via instant message to initiate a video or audio call to set up a consultation.

While offline, students can leave a message.

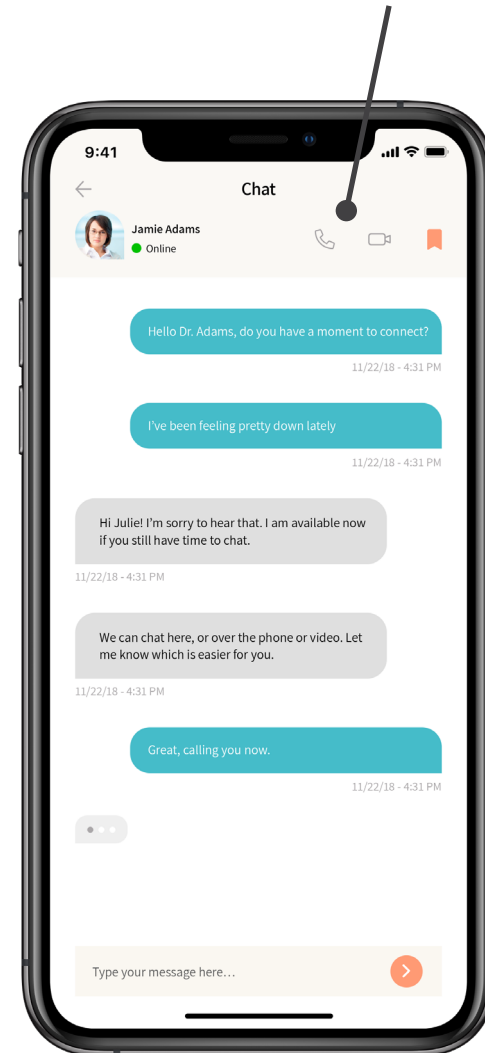

For more information, visit [META.app/faqs](https://meta.app/faqs)

Chat Function

If you're online, you'll see new messages immediately.
Otherwise, you'll receive an email that a student has sent you a chat.

Students send messages through their mobile app

For more information, visit [META.app/faqs](https://meta.app/faqs)

Video Sessions

You can initiate video calls with online students using your computer's microphone and webcam.

Students use the mobile app for video calls.
